Committee on Environment
Office of the City Council
Cagayan de Oro City

Dear Hon. Salcedo,

Makinaiyahang Adlaw, Higala!

Republic of the Philippines
OFFICE OF THE CITY COUNCIL
City of Cagayan de Oro

RECEIVED

Date: **AUG 25 2026**
Time: **3:45**
By: **JUSTIN KYLE P. ASNE**
Local Legislative Staff Officer I

This is to notify your Office the findings of the joint area inspection conducted on 05 August 2026, regarding the concern of Mr. Reynante Pacheco Namocatcat on the erosion and flooding issues affecting a portion of his property located at Sitio Sekyup, Ilaya, Purok 3, Barangay Gusa, Cagayan de Oro City.

During the joint inspection, technical assessment, and mapping of the subject area, the reported erosion and scouring along the Bigaan River were verified. The affected riverbank shows instability, with erosion, sediment deposition, and accumulated boulders altering the river channel and restricting water flow.

The area remains vulnerable to further erosion during heavy rainfall and increased river discharge, which may cause progressive bank loss and damage to nearby structures and facilities.

In view of the foregoing, we respectfully endorse this matter to your Office for your information and appropriate action. Enclosed herewith are documentation taken during the inspection for your reference.

We appreciate your continued support and cooperation in promoting environmental protection, disaster risk reduction, and sustainable resource management.

Thank you and more power.

Respectfully,

ELVISA B. MABELIN, ENP
Assistant CLENR Officer
Acting Department Manager
