Dear Sirs and Mesdames,

Good day!

In view of the upcoming **CE Financing Diagnostics and Investment Readiness Focus Group Discussion (FGD)** under the EU-Philippines Green Economy Partnership (EU-PH GEPP) – Specific Objective 2: Green Local Government Units, we are furnishing your office with an advance copy of the draft memorandum for your information and appropriate preparation.

The FGD is scheduled as follows:

Date: Wednesday, 2 September 2026

Time: 2:00 PM – 4:00 PM

Venue: CLENRO Conference Area

Given the proximity of the activity and the succeeding holidays, we are transmitting the draft memorandum in advance while awaiting the availability of the City Administrator for its formal approval and signature. The duly signed memorandum will be circulated accordingly once available.

In the meantime, may we respectfully request your office to **identify at least one (1) representative**, preferably a technical officer or focal person familiar with the relevant plans, programs, projects, financial information, and datasets identified for your office.

We likewise request that the concerned representative review and, where readily available, bring or make accessible the relevant data and documents indicated in the attached draft memorandum. Electronic copies are preferred where practicable. There is no need to prepare entirely new reports solely for the activity; the latest available information and existing documents may be used as inputs during the discussion.

The activity will support the assessment of Cagayan de Oro City's circular economy financing environment and investment readiness, including the identification of potential projects, financing gaps, and appropriate public and private financing mechanisms.

Attached for your advance reference is the draft Memorandum on the Attendance and Data Preparation for the CE Financing Diagnostics and Investment Readiness FGD.

We would greatly appreciate your office's advance coordination and preparation despite the limited lead time.

Should you have any questions or require clarification regarding the activity or requested information, please feel free to coordinate with the Oro-Trade and Investment Promotions Center (Oro-TIPC).

Thank you very much for your usual support and cooperation.

Best regards,
Hanin Laguindab
