Subject: ATTENDANCE AND DATA PREPARATION FOR THE CE FINANCING DIAGNOSTICS AND INVESTMENT READINESS FOCUS GROUP DISCUSSION

In connection with the implementation of the EU-Philippines Green Economy Partnership (EU-PH GEPP), Specific Objective 2: Green Local Government Units, particularly the Circular Economy (CE) Financing Workstream, the United Nations Development Programme (UNDP), in coordination with the City Government of Cagayan de Oro, will conduct a **CE Financing Diagnostics and Investment Readiness Focus Group Discussion (FGD)** on the following schedule:

Date: Wednesday, 2 September 2026
Time: 2:00 PM – 4:00 PM
Venue: Oro-TIPC Conference Area

The activity forms part of the ongoing assessment of the City's enabling environment, financing capacity, and investment readiness for the development and implementation of circular economy projects. It will also provide an opportunity to identify existing and potential CE investments, financing gaps, institutional requirements, and possible mechanisms for mobilizing public and private financing.

In this regard, the concerned offices are requested to **designate at least one (1) representative**, preferably a technical officer or focal person who is familiar with the relevant plans, programs, financial information, projects, and datasets of the office.

To facilitate the discussion, representatives are likewise requested to bring or make available, preferably in electronic form, the following information and documents relevant to their respective offices:

Office	Requested Data / Information
City Planning and Development Office	Development plans; investment programs; existing or proposed project pipeline; Annual Investment Program (AIP); Local CE Workplan; and Local Climate Change Action Plan (LCCAP)

Republic of the Philippines
City of Cagayan de Oro
OFFICE OF THE CITY ADMINISTRATOR

de Oro**
city of golden friendship

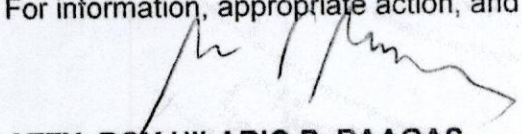

City Budget Office	Annual Budget; 20% Development Fund; and available Public Financial Management Assessment Tool/related assessment information
City Treasurer's Office / City Accounting Office	Revenue collections; audited financial statements; debt service information; and fund balances
City Local Environment and Natural Resources Office (CLENRO)	Waste characterization data; waste diversion rates; per-ton disposal costs; existing and proposed waste management facilities; and Extended Producer Responsibility (EPR)-related plans and other relevant documents;
Office of the City Council Secretary	Relevant ordinances and resolutions; applicable fee schedules; and borrowing authorizations or related legislative issuances
Oro-Trade and Investment Promotions Center (Oro-TIPC)	Investment project pipeline; Public-Private Partnership (PPP) proposals; information on local economic enterprises; and Local Investment and Incentives Code, including identified investment priorities and incentives
City Agriculture Office	Available data on agricultural waste; revenues associated with agriculture; agri-businesses; and related agricultural or circular economy initiatives

The requested information may include the most recent available data and existing documents; offices are not required to prepare entirely new reports solely for the activity. Where certain information is not immediately available, the concerned representative may identify the appropriate source or focal person and indicate how the information may subsequently be provided to the assessment team.

The participation and technical inputs of the concerned offices are important in ensuring that the assessment accurately reflects the City Government's current fiscal, institutional, planning, environmental, and investment conditions and in identifying feasible financing pathways for priority circular economy initiatives.

For coordination and other concerns regarding the activity, please coordinate with the Oro-Trade and Investment Promotions Center (Oro-TIPC).

For information, appropriate action, and attendance.

ATTY. ROY HILARIO P. RAAGAS
City Administrator
