: URGENT REQUEST TO PASS A RESOLUTIONS FAVORABLY ENDORSING THE FOLLOWING PROPOSED FISHERIES INFRASTRUCTURE PROJECTS: (1) PROPOSED CONSTRUCTION, ESTABLISHMENT, AND DEVELOPMENT OF THE CAGAYAN DE ORO CITY FISHPORT PROJECT IN BARANGAY MACABALAN, CAGAYAN DE ORO CITY, FOR FUNDING AND IMPLEMENTATION BY THE NATIONAL GOVERNMENT THROUGH THE PHILIPPINE FISHERIES DEVELOPMENT AUTHORITY (PFDA) AND THE DEPARTMENT OF AGRICULTURE; and (2) PROPOSED ESTABLISHMENT AND DEVELOPMENT OF THE CAGAYAN DE ORO FISH LANDING COMPLEX AND AUXILIARY INFRASTRUCTURE FOR FUNDING AND IMPLEMENTATION UNDER THE PHILIPPINE FISHERIES AND COASTAL RESILIENCY (FishCoRe) PROJECT OF THE DEPARTMENT OF AGRICULTURE - BUREAU OF FISHERIES AND AQUATIC RESOURCES (DA-BFAR), FINANCED THROUGH THE WORLD BANK

LADIES AND GENTLEMEN:

This refers to the proposed Resolutions favorably endorsing (1) the construction, establishment, and development of the Cagayan de Oro City Fishport Project in Barangay Macabalan, Cagayan de Oro City, for funding and implementation by the national government through the Philippine Fisheries Development Authority (PFDA) and the Department of Agriculture; and (2) the establishment and development of the Cagayan de Oro Fish Landing Complex and Auxiliary Infrastructure, comprising a Fish Trading Area, Cold Storage Facility, Ice Plant, Administrative Office, and other supporting infrastructure, for funding and implementation under the Philippine Fisheries and Coastal Resiliency (FishCoRe) Project of the Department of Agriculture - Bureau of Fisheries and Aquatic Resources (DA-BFAR), financed through the World Bank, respectively.

The proposed undertakings seek to address the need for improved post-harvest handling, storage and trading infrastructure in the City, particularly in view of the existing private fish trading facilities which are outdated and lack necessary auxiliary facilities such as modern cold storage, dedicated ice production, and centralized administrative facilities. The establishment of an integrated Fish Landing Complex is intended to reduce fish spoilage, maintain food safety standards, ensure seafood price stability, and support more efficient seafood trade and accurate data collection.

The proposed the construction, establishment, and development of the Cagayan de Oro City Fishport Project in Barangay Macabalan, Cagayan de Oro City, is favorably supported by the Philippine Fisheries Development Authority (PFDA) as the essential port facilities and land-wharf infrastructure will significantly enhance the City's primary maritime trade and post-harvest fisheries capabilities.

Meanwhile the Fish Landing Complex and Auxiliary Infrastructure was conceptualized and initiated by the Cagayan de Oro City Seafood Wholesalers Association (COSWA) as an integrated commercial hub for seafood trade. Through the World Bank-funded FishCoRe Project, the DA-BFAR provides financial and technical assistance for post-harvest facilities, subject to a formal endorsement resolution from the local legislative body. The favorable endorsement of the Sangguniang Panlungsod will therefore facilitate the appropriate programming and execution of the proposed undertaking.

In view of the importance of this initiative in strengthening the City's post-harvest fisheries infrastructure, improving seafood handling and trading facilities, supporting food safety, price stability, and the local seafood industry, may I respectfully request the Sangguniang Panlungsod to treat this matter as urgent, and to enact the proposed Resolutions at the soonest possible time.

Hoping for your favorable and prompt action on this request.

Thank you

Truly yours,

ROLANDO A. UY
City Mayor
