Time: **2:41**

By: **JUSTIN KYLER ASNE**
Local Legislative Staff Officer I

Dear Kagawad Dahino:

This refers to the Proposed Ordinance No. 2026-244 entitled: **"An Ordinance Institutionalizing the Autism Early Intervention and Social Support Program For Children and Their Families in Cagayan de Oro"** forwarded to this office for review, comment and recommendation.

Recently, this office received a draft ordinance from the Office of the City Social Services and Development (CSWD) entitled: **Draft Ordinance Establishing the Cagayan de Oro City Early Intervention Program for Children with Special Needs, Creating the Cagayan de Oro City Special Needs Early Intervention Center as its Primary Implementing Facility, Establishing a Parent Training and Family Empowerment Sub-program, Providing an Autism Family Support Allowance Program, and Appropriating Funds for the Purpose.** also for review and comments.

Upon review of both ordinances, (this Proposed and the draft yet for further review), this office found them to be interconnected , in a way that both covers those individuals with special needs. The establishment of this Early Intervention Program, if approved, provides the funding requirements to implement the Program/Project/Activities for individual with special needs including children with autism institutionalized with this Proposed Ordinance No. 2026-244.

As to the creation of the City Autism Early Intervention unit, may we suggest that for the meantime, existing personnel of the CSWD handling this case shall be utilized to cater the services under this program. However, there is a proposal in the (draft ordinance for further review), establishing the Special Needs Early Intervention Center as its primary implementing facility, hence, the City Autism Early Intervention unit can now be integrated to that Center.
