**SUBJECT: REQUEST FOR THE ENACTMENT OF AN ORDINANCE
ESTABLISHING A 250-METER PROTECTED AND REGULATED MARKET ZONE
AROUND ALL PUBLIC MARKETS IN CAGAYAN DE ORO CITY AND
REGULATING NEW DIRECTLY COMPETING MEAT ESTABLISHMENTS NEAR
COGON PUBLIC MARKET**

Honorable Mayor:

We, the officers and members of the Cogon Central Market Vendors Association (COCEMVA), respectfully request that the City Government consider the enactment of an ordinance establishing a **250-meter Protected and Regulated Market Zone** around all public markets in Cagayan de Oro City.

This request has become particularly important because of the current preparation of new meat establishments reportedly intending to operate near Cogon Public Market, including the proposed establishment reportedly operating under the name "**Cogon Meat Shop**," as well as the existing or proposed operation of **King Carne Meatshop**, whose owner is reportedly also a stallholder and vendor operating inside Cogon Public Market.

If an establishment is a new or separate business whose principal activity is the sale of meat, it may directly compete with the existing meat vendors inside Cogon Public Market.

For this reason, we respectfully request that the City Government establish a clear, uniform and prospective policy regulating new directly competing establishments within the proposed 250-meter zone.
