JUSTIN KYLE P. ASNE
Local Legislative Staff Officer I

Dear Hon. Dahino:

This pertains to *Proposed Ordinance No. 2026-244*, entitled "**An Ordinance Institutionalizing the Autism Early Intervention and Social Support Program for Children and Their Families in Cagayan de Oro,**" referred for review, comment, and recommendation.

Upon review, the Local Finance Committee respectfully submits the following comments and recommendations:

1. It is noted that a separate draft ordinance entitled "*An Ordinance Establishing the Cagayan de Oro City Early Intervention Program for Children with Special Needs, Creating the Cagayan de Oro City Special Needs Early Intervention Center as its Primary Implementing Facility, Establishing a Parent Training and Family Empowerment Sub-program, Providing an Autism Family Support Allowance Program, and Appropriating Funds for the Purpose*" is likewise under review.

The two proposed measures appear to be closely interconnected, as both provide programs, interventions, and support services for children with special needs, including children with autism. The proposed Special Needs Early Intervention Program likewise contemplates the establishment of a primary implementing facility and funding for programs, projects, and activities that may substantially cover services contemplated under Proposed Ordinance No. 2026-244.

In this regard, it is recommended that the two measures be harmonized, particularly as to their scope, programs and services, implementing mechanisms, financial assistance, organizational structures, and funding requirements, to avoid duplication and ensure the efficient utilization of the City's fiscal and physical resources.

2. Section 12 provides for the creation of a *City Autism Early Intervention Coordination Unit (CAEICU)* under the City Social Welfare and Development Department (CSWD).

Considering the existence of personnel and programs presently handling cases involving children with autism and other special needs, it is recommended that existing personnel of the CSWD be utilized, as far as practicable, in the implementation of the functions contemplated under the proposed Ordinance.
